FEBRUARY 2015

THE PRESIDENTS MESSAGE

Hi everyone....

This year started off great with some new ideas and events happening soon... One of the new ideas is to have a "Tractor Ride" not far from the club house and a picnic style lunch. This is being organized by our club member Ron Zega and scheduled for early spring, maybe in May. More details to follow at our February & March Meetings. Good idea with a lot of interest. Thanks Ron....

We held our last meeting in January, the weather was not cooperating with us, and so we held the meeting in the Clubs Conex. Thanks you Bill & Zackary Forbes for getting there early and getting things set-up. Much appreciated.

One of the topics of discussion was the Almond Blossom Parade to be held on Sat. March 7th in Quartz Hill, Ca. The club is going to pay the entry fee for this Parade. The staging time is 8:30 AM with the parade starting at 10.00 AM. Get together with our Show Director Dan Morgan and or our "Tractor Man" Art Thomas for further details and staging area. This is a parade that we enter into each year. So, get your tractors cleaned and ready, for our year's first Parade event. This is strictly a parade event and nothing else.

I had a chance to go to the Southwest Forgotten Iron Show in Wellton, Arizona on January 17th. This is a show put on by Branch 206, out of Yuma. All I can say is "What a Great Show"... This show was organized by Club President, Buster Brown and his membership. I will go into further details in this newsletter, in an Editorial Message.

Well I'm not going to make this Presidents message any longer. Hope to see you at the February 14th meeting, over at the yard.

You're Club President, Bob Hanson

In the picture, is Ron and his Ferguson Tractor with our Rusty Relics Club Banner in the back ground..... Great Job.

A Message from Don Young—Vice President of EDGE & TA

As we begin a new year, safety is our main priority. It is increasingly difficult to obtain insurance at a reasonable cost for 10,000 members.

The Safety Officer of a Branch has a job, not just a position....

It is suggested that the Safety officer have a safety meeting prior to an event and a safety tip at all club meeting.

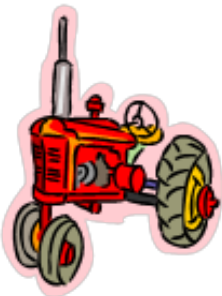

All members should familiarize themselves with the safety rules that are posted on the EDGE & TA website.

Safety is the number one priority.

Driving a tractor in a parade is much different than driving it in a field.

Don Young - Vice President of EDGE, Safety Chairman, Youth Driver Coordinator, Accident Review Chairman of EDGE and a member of Rusty Relics Branch #30.

Also remember the 2015 Annual National EDGE & TA Show will be in Henderson, Texas April 17th & 18th and hosted by the East Texas Antique Tractor & Engine Association, Branch #89.

**HAVE YOU HUGGED YOUR TRACTOR
TODAY?**

Editorial...Wellton – Southwest Forgotten Iron Show, Branch 206.

I spend a week in my motorhome at Quartzsite, Arizona in mid-January and heard of this show in Wellton, Arizona. I drove my tow vehicle to Wellton, which is about an hour's drive south of Quartzsite and 20 miles north from Yuma. Not hard to find. Upon arriving at the show that is put on by branch 206 out of Yuma, I was amazed to see how many antique engines of all sizes that were running at this show. I estimated that there were well over 200 engines, plus tractors.

This was just like the old shows at Quartzsite many years ago...

They also had a tractor parade and were set up and feeding the large crowd of attendees that were present, and had lots of chairs & tables. What an organized event, the weather was also warm and this is one show that you should put on your calendar, for next January.

While walking around, I knew that club members Ron & Tom Zega were at the show, and I did run into them. Also club members Jerry Wood & Bob Boyd were at the show selling good stuff and club member Ben Drake was there, just walking around.

I talked to many EDGE club members that were displaying and running engines, what a friendly and great group of people.

I did get a chance to meet and talk to Branch 206 President, Buster Brown. If the name doesn't sound familiar, Buster was the organizer of the Quartzsite Engine Shows, at the "Main Event" several years ago. This is the show that our club participated in for many, many years. Well, things happened at Quartzsite and the show moved, and it is now at Wellton, Az. and taken over by the "Southwest Forgotten Iron", Branch 206 club out of Yuma.

Branch 206 is a new branch and this is there 6th annual show.

President Buster Brown and his show committee have done a great job and the show is growing larger every year, says Buster.

Thank You Buster, for sharing your comments.

Bob Hanson - you're editor and club president.

DOWN – HOME – COOKING

This is a collection of receipts by Rusty Relic's Members Past & Present.

COUNTRY GRAVY

4 T. flour	Dash pepper
4 T. pan drippings	2 cups milk
1 tsp. salt	

Blend flour in hot drippings in skillet, add salt & pepper. Cook until light brown, stirring constantly. Add milk, gradually, stirring constantly. Use a whip to help remove any lumps. Cook until gravy is smooth and thick. If it gets too thick, add a little milk and stir until smooth.

QUICK & EASY GUACAMOLE

3 lg. avocados	½ tsp. garlic powder
2 t. mayonnaise	½ tsp seasoned salt
2 T. mild chunky salsa	

Peel avocados and save pits. In a small bowl, mash avocados. Add mayonnaise, salsa, garlic powder and seasoned salt; mix well. Place reserved avocado pits into mixture to prevent browning. Cover and refrigerate about 1 hour to blend flavors. Remove pits and serve.

Diane Winn

EASY MATBALLS

1 ½ tubes Jimmy Dean sausage (hot or regular)	1 c. cheddar cheese, grated
	1 c. Bisquick

Mix sausage, cheese and Bisquick together. Mix well and form small balls. Bake at 350 degrees for 15 minutes. Use with sweet and sour or hot mustard dip. Use toothpicks.
